

### **REMARKS**

The Examiner's objection to the amendment to the specification is correct. Accordingly, the paragraph has been restored to its original wording except for the underline which is a redundancy, but improves readability to overcome the objection under 35 U.S.C. 132. The error is regretted.

In view of the amendment to the specification and claims, it is believed that the rejection under 35 U.S.C. 112, first paragraph of claims 1 and 3 to 17 is no longer in order.

In view of the above remarks, favorable reconsideration and allowance are respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jay M. Cantor", is written over a horizontal line. A long, sweeping diagonal line extends from the end of the signature towards the upper right corner of the page.
